

## **Frequently Asked Questions**

### **What hospitals are you affiliated with?**

Our physicians have privileges at Wright Medical Center, Hamilton County Hospital, Humboldt County Memorial Hospital, Belmont Medical Center.

### **Are the physicians Board Certified?**

Yes - the physicians are Board Certified through the Fellow American Osteopathic Board of Obstetrics and Gynecology (FACCOG).

### **How soon should I make my first OB appointment?**

We recommend that you are seen by the physicians during the First Trimester. We prefer that you are between 9 to 10 weeks pregnant. Please call our office 2 to 3 weeks before the necessary appointment time.

### **How far in advance should I schedule a routine yearly exam?**

Due to a heavy patient load, we request that you call 6 to 8 weeks in advance. This allows us and you some flexibility in available appointment times.

### **What insurance plans do you participate with?**

We participate with a large variety of insurance carriers and networks. We request that you contact your specific plan to ensure we are listed as a preferred provider. Please notify our office if a referral is required by your insurance plan.
